

dosaMAX

Advanced Chemical Concentrate Cabinet Dispenser

The DosaMAX is a self contained dispensing system designed to dispense selectable amount of concentrated chemicals to your bottle/bucket/sink. The DosaMAX can hold up to a 1 gallon (5 liter) chemical concentrate container, and does not need a water source or electricity for operation. This is ideal for regions that have strict water contamination regulations, or areas with inconsistently low water pressure. The DosaMAX simple, self contained design ensures for a quick, clean install with a professional look on the wall.

DosaMAX Features

Turn the knob to select dosing amount ranging from 5 ml to 50 ml in 5 ml increments.

Dosing amount can be locked in place using a 3 mm hex driver

DosaMAX cabinet has a secure locking cover (2 keys supplied)

The rate of return on the push dial can be adjusted to prevent immediate repeat dispensing

The Bottle Fill model has an easily adjustable shelf for different bottle heights

The versatile Over the Sink model can also be used for bottle fill and bucket fill

The Bucket Fill model comes with a 2 meter discharge tube to allow dispensing at longer distances

Chemical housed in the dispenser cabinet, holding up to 1 gallon or 5 liter containers

Specifications

Container Capacity

W7.48" x H11.42" x D5.79"

Bottle Fill Dimensions

W8.19" x H32.28" x D9.37"

Over the Sink Dimensions

W8.19" x H 23.7" x D9.37"

Bucket Fill Dimensions

W8.19" x H18.1" x D9.37"

Weight

4.9 lb. (1.83 kg)

Easy to Operate

1. Fill bottle with water to specified amount
2. Turn knob to select dosing amount
3. Place bottle at the spout and push knob to dispense chemical concentrate.
4. Shake bottle and use.

DosaMAX

Part Number	Description
8600603	DosaMax (ml), chemical concentrate cabinet dispenser with over the sink discharge
8600611	DosaMax (ml), chemical concentrate cabinet dispenser with bottle fill discharge
8600617	DosaMax (ml), chemical concentrate cabinet dispenser with bucket or machine fill discharge

KNIGHT LIMITED WARRANTY

Knights controls and pump systems are warranted against defects in material and workmanship for a period of ONE YEAR. All Electronic Control Boards have a TWO YEAR warranty. Warranty applies only to the replacement or repair of such parts when returned to the factory with a KRA number, freight prepaid and found to be defective upon factory inspection. Rubber and synthetic rubber parts such as "O" rings, diaphragms, squeeze tubing and gaskets are considered expendable and are not covered under warranty. Warranty does not cover liability resulting from performance of this equipment nor the labor to replace this equipment. Product abuse or misuse voids warranty. Knight products are not for use in potentially explosive environments. Any use of our equipment in such an environment is at the risk of the user. Knight does not accept any liability in such circumstances.

KNIGHT DISCLAIMER

The information and specifications included in this publication were in effect at the time of approval for printing. Knight, LLC, reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation whatsoever.
