Improve the
quality of your
cleaning process

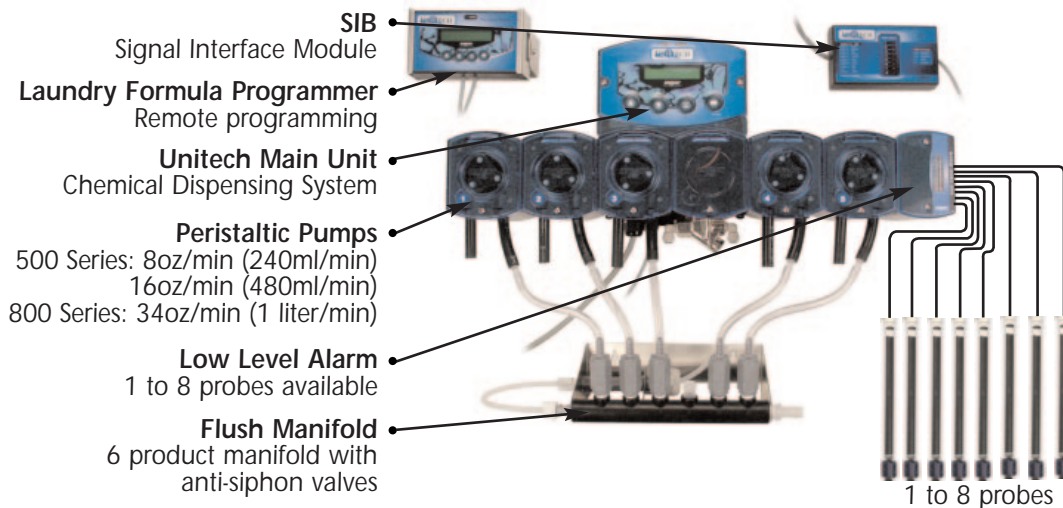

LAUNDRY SYSTEMS

- Accepts up to 8 probes
- Unique "Smart Bus" technology eliminates hardwiring for a fast install
- Modular control snaps onto Unitech dispenser network
- Use 1 to 8 rugged float type sensors
- Individual response LED displays which product is empty
- Three float sensor options: 9"/23cm probe with 10ft/3m cable for 1 gal/5 liter containers
18"/46cm probe with 25ft/7.6m cable for 5 gal/20 liter containers
38"/97cm probe with 25ft/7.6m cable for 55 gal/208 liter drums
- Chemical resistant materials
- Safe operation with no voltage or current flow

Don't let the supply run dry

Unitech Components with Low Level Alarm

Low Level Alarm

How It Works

The Unitech Low Level Alarm is the most reliable and cost effective means to control liquid levels of any chemicals.

This system features an immediate response, chemical resistant float that will sense liquid level within 1 to 2 inches (3 to 5 cm) of probe setting.

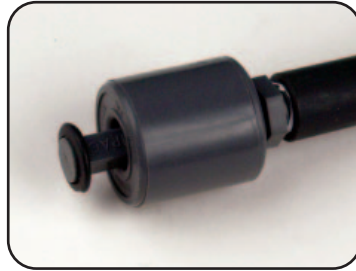

When any one container is low on chemical, the alarm will flash the warning light.

Features and Benefits

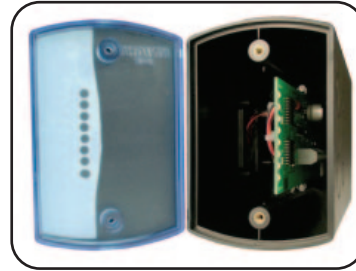

Safe operation

No voltage or current flow

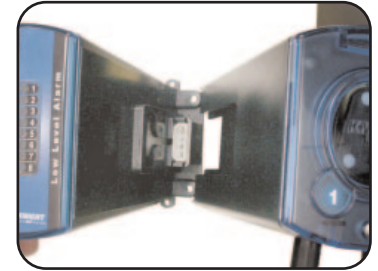

Rugged float type sensors

Made of chemical resistant materials

1 to 8 signal control board

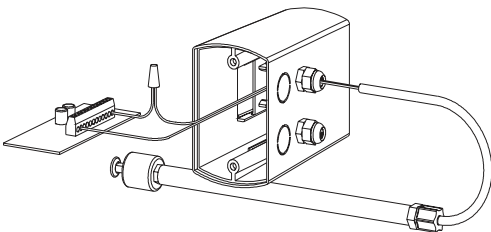

Individual response LED displays which of the 8 product is empty

Fast Install

"Smart Bus" allows for modular control snapping onto Unitech dispenser network for fast install.

Simple Installation

Simple installation of flow switch to alarm

Flow Switch Kits

Flow Switch 38

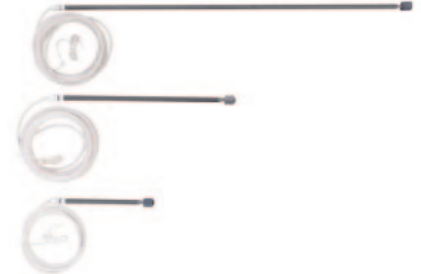

Suitable for 55 gal (208 liter) drums

Flow Switch 18

Suitable for 6 gal (20 liter) containers

Flow Switch 8.8

Suitable for 1 gal (5 liter) containers

ORDERING INFORMATION

LOW LEVEL ALARM

Part No.	Description	Specifications
7164033	Low Level Alarm	4"H x 3.5"W x 5.5"D (10cm x 9cm x 14cm)
7110127	Flow Switch 8.8, w/o bell	9" (23 cm) PVC support tube with float sensor, 10' (3 m) of vinyl cable w/ fittings
7110126	Flow Switch 18, w/o bell	18" (46 cm) PVC support tube with float sensor, 25' (7.6 m) of vinyl cable w/ fittings
7110129	Flow Switch 38, w/o bell	38" (97 cm) PVC support tube with float sensor, 25' (3 m) of vinyl cable w/ fittings

KNIGHT LIMITED WARRANTY

Knights controls and pump systems are warranted against defects in material and workmanship for a period of ONE YEAR. All Electronic Control Boards have a TWO YEAR warranty. Warranty applies only to the replacement or repair of such parts when returned to the factory with a KRA number, freight prepaid and found to be defective upon factory inspection. Rubber and synthetic rubber parts such as "O" rings, diaphragms, squeeze tubing and gaskets are considered expendable and are not covered under warranty. Warranty does not cover liability resulting from performance of this equipment nor the labor to replace this equipment. Product abuse or misuse voids warranty. Knight products are not for use in potentially explosive environments. Any use of our equipment in such an environment is at the risk of the user. Knight does not accept any liability in such circumstances.

KNIGHT DISCLAIMER

The information and specifications included in this publication were in effect at the time of approval for printing. Knight, LLC. reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation whatsoever.
