

# OP GLOBAL

## On-Premise Laundry Dosing & Control Systems

### KEY FEATURES

- 4 to 6 pump/chemical option
- 20 oz/min (600 ml/min) peristaltic pumps
- 30 wash formula capability
- Multiple product volumes per wash formula
- Low voltage signal interface module
- SIB Washer Interface Module
- Password protected
- Programming: drain mode, signal mode, relay mode, and soil mode
- Remotely manage the dispenser using the Knight Reporter hardware/software

The On-Premise (OP) Global laundry chemical dispensing system provides an unmatched level of versatility and economy for the small laundry market. This exciting dispenser features a 30-formula capability, choices from 4 to 6 chemicals, robust programming features, and impressive data management capabilities. These features offer small, on-premise laundries (with 175 lb / 80 kg wash load capacity machines) the ability to manage cleaning costs and operate as efficiently as larger commercial laundries.

With a fold down front panel and fold up circuit board lid, the On-Premise Global is one of the most

accessible and easy to service laundry chemical dispensers in the market. The simple cable connections, easily accessible internal wiring, and intuitive programming control allows you to quickly get in and out of accounts.

The OP Global remote offers all the programming amenities

### Laundry Formula Remote Control *(continued from front)*

of larger dispensers in an on-premise system. Programming can follow standard options or unique run-and-delay times can be set for each pump. This offers a greater control of chemical costs with better wash results over a wide range of soil loads. The Soil Select mode allows operators to quick-select from three different formulas according to the type of soil load -- Heavy, Medium, Light -- and offers the option of selecting bleach or softener.

### OP Pro Global Remote Features:

- Dispenser ID
- Access Code
- Date and Time
- Auto FormulaReset
- Bleach Defeat
- Soft Defeat
- Signal Lockout
- System Lockout
- Flush Mode
- User Access Code
- Chemical Names
- Chemical Costs
- Formula Names
- Formula Weight
- Shift Times
- Operating Zone
- Calibrate Pumps
- Prime Pumps
- Formula Programming
- Computer Interface (Reporting)
- Normal Signal Mode
- Relay Mode
- Drain Mode
- Soil Mode
- Receive Setup from Another Dispenser
- Signal Mode: Oneto One
- Signal Mode:Assign Step
- Signal Mode:Assigned Signal
- Digital Display
